

CAUSTIC SUPER

Description

A caustic detergent with added EDTA sequestrant for use in breweries. For use with exceptionally hard water.

Benefits

Can be used in all areas of the brewery from brewhouse to cask washing.

Very effective at removing organic soil.

Hard water tolerant. For use exceptionally hard water areas.

Easily rinsed away from surfaces.

Effective when used cold but effectiveness increases when used hot up to 80 Degrees C.

Effectiveness can be enhanced by using Peroxyboost additive.

Especially good for controlling beer stone and cleaning casks.
